

# PREFERENCE

## Côtes-du-Rhône *Vieilles Vignes*

### Terroir

Throughout the year our oenologists took particular care in the selection of vineyards which were classified according to their potential productivity, climatic area and their position on clay limestone ground.

### Vinification

The grapes were separated from the bunches before being crushed, and the extraction techniques and pumping over ensured that the finest elements were extracted. The wines were carefully matured in our storehouses, in vats to give them the best preparation for bottling and to enhance the quality of their flavour.

### Blending

This Côtes du Rhône Vieilles Vignes is exclusively made from 40 years-old vines' grape varieties, carefully selected in the southern Rhone Valley and characterized by twisted vinestocks.

### Tasting

Tasting reveals this to be a fine dark red wine, developing a pleasant mixture of fresh fruit aromas, toasty in the middle, with a caramel and mocha finish. Its fruit and aroma richness makes this Côtes du Rhône Vieilles Vignes our Preference.
